KEEP AWAY FROM CHILDREN

DIRECTIONS: Take 2-3 tablets daily with a meal. Do not exceed recommended daily dose.

Food supplements should not be a substitute for a varied diet.

CAUTION: Do not take if pregnant or breast feeding.

We choose to use the sulphate form of glucosamine and chondroitin because this is the material used in scientific studies. This product does not contain sodium or salt (NaCl), and is not derived from bovine sources.

Glucosamine occurs naturally in the joints and muscles where it plays a role in the mobility and smooth working of connective tissue. Chondroitin is found naturally in the joints where it helps to attract fluid into the cartilage.

NATURE'S BEST®

GLUCOSAMINE SULPHATE with CHONDROITIN

Glucosamine Sulphate 2KCl 665mg
providing Glucosamine Sulphate 500mg
plus Chondroitin Sulphate 100mg

FOOD SUPPLEMENT
