Light liquid paraffin

FRAGRANCE FREE

Read all of this leaflet carefully because it contains important information for you.

This medicine is available without prescription. However, you still need to use Oilatum Shower Gel carefully to get the best results from it.

- Keep this leaflet. You may need to read it again.
- Ask your pharmacist if you need more information or advice.
- You must contact a doctor if your symptoms worsen or do not improve.
- If you notice any side effects, please tell your doctor or pharmacist.

In this leaflet:

1. What Oilatum Shower Gel is and what it is used for
2. Before you use Oilatum Shower Gel
3. How to use Oilatum Shower Gel
4. Possible side effects
5. How to store Oilatum Shower Gel
6. Further information

1. What Oilatum Shower Gel is and what it is used for

Oilatum Shower Gel contains a medicine called light liquid paraffin. It is a non-foaming emollient gel that is used to treat itchy, irritating dry skin conditions such as eczema and dermatitis.

Oilatum Shower Gel works by:

- soothing, moisturising and conditioning your skin.
- stopping loss of moisture from your skin.

2. Before you use Oilatum Shower Gel

Do not use Oilatum Shower Gel if:

- you are allergic to light liquid paraffin or any of the other ingredients in this medicine (listed in Section 6).
- your skin is greasy.

Do not use Oilatum Shower Gel if any of the above applies to you. If you are not sure, talk to your pharmacist or doctor before using this medicine.

3. How to use Oilatum Shower Gel

If this medicine is from your doctor or pharmacist, do exactly as they have told you. Otherwise, follow the instructions below. If you do not understand the instructions or you are not sure, ask your doctor or pharmacist.

- You should use Oilatum Shower Gel every time you wash or shower.
- Oilatum Shower Gel is for external use only. Avoid getting this gel in your eyes or in your mouth.
- Take care to avoid slipping. This gel may make your shower or bath more slippery.

Using Oilatum Shower Gel in the shower, bath or sink

1. Wash as usual. When your skin is still wet, rub the gel between your wet hands and apply liberally to the skin and massage gently. If you are applying the gel onto someone else, your hands as well as the area being treated, should be wet.
2. Rinse with warm water.
3. Lightly pat your skin dry with a soft towel. Do not rub as this will remove the Oilatum Shower Gel from your skin.

4. Possible side effects

There are no known side effects from this medicine. Please tell your doctor or pharmacist if you notice any side effects.

5. How to store Oilatum Shower Gel

- Keep out of the reach and sight of children.
- Store below 25°C.
- Do not use Oilatum Shower Gel after the expiry date which is stated on the end of the tube. The date is the last day of the month stated.
- Medicines should not be disposed of via wastewater or household waste. Ask your pharmacist how to dispose of medicines no longer required. These measures will help to protect the environment.

6. Further information

What Oilatum Shower Gel contains

- The active ingredient is light liquid paraffin 70% w/w. Each gram of gel contains 700 mg of light liquid paraffin.
- The other ingredients are polyethylene, 2-octadodecanol, polyethylene glycol 400 dilaurate, polyoxyethylene 40 sorbitol septaoleate, polypropyleneglycol-2-myristyl ether propionate, polyphenylmethyl siloxane copolymer.
