

Acritifex Skin Cooling Gel is an odourless, non-sticky

hydrogel which provides cooling and soothing relief to

superficially reddened, dry or irritated skin.

Acritifex Skin Cooling Gel contains OSMO CARE. This

unique patented technology works by the natural process of osmosis to draw water to the surface of the skin, which

cools and hydrates it.

Ingredients: Glycerin, PEG-8, caprylyl glycol, sodium hydroxide and purified water.

Acritifex Skin Cooling Gel has been clinically proven to:

- Soothe by rapidly cooling the skin tissues to relieve discomfort

- Reduce the redness of inflamed skin

- Hydrate the surface layers of the skin to promote the skin's natural repair system

Acritifex is a registered trade mark of Thornton & Ross Ltd

# Calendula Soothing

Read all the carton carefully before use. Keep in carton for future reference.

**Directions for use:** For adults and children apply to unbroken skin and massage gently. Leave for a few minutes to penetrate. Repeat 2-3 times daily.

**Precautions:** Some users may experience a tingling sensation on application. Avoid contact with the eyes. If hypersensitive to any ingredient, wash affected area with soap and water and seek medical advice. If symptoms worsen or do not improve, stop use and seek medical

advice. If accidentally swallowed, rinse mouth with water and seek medical advice.

Keep out of the reach and sight of children. Do not use after the expiry date.

Store below 25°C in the original carton. Keep away from sources of heat.

**Manufacturer:** Thornton & Ross Ltd, Huddersfield, HD7 5QH, UK.

**Date of issue:** November 2012
